

NJAGI DENIS MWENDA

PROFILE:

Early-career Community Development and Human Resource Management professional with practical experience in community outreach, data collection, monitoring and evaluation support, and administrative coordination. Demonstrates strong competence in data management, digital tools, and documentation, combined with hands-on involvement in community programs and participatory engagement initiatives.

Proven ability to support field activities, manage records, conduct research, and contribute to program reporting in fast-paced environments. Also skilled in graphic design and digital communication, enabling effective creation of visual and written content for community and organizational use.

Adaptable, detail-oriented, and committed to learning, with the flexibility to contribute across NGO, administrative, research, digital, and entry-level HR roles.

WORK EXPERIENCE:

Childrise Development Centre, Ishiara

Community Development Intern | May 2024 – September 2024

- Contributed to the successful implementation of community-based initiatives by applying participatory development approaches, resulting in stronger community ownership and improved engagement in program activities.
- Increased community participation in training sessions, awareness campaigns, and outreach programs, leading to wider program reach and improved uptake of development interventions.
- Strengthened program monitoring and evaluation by systematically recording, documenting, and organizing community feedback and project outcomes, improving the quality and reliability of reporting for decision-making.
- Enhanced inclusivity in development activities by actively engaging diverse community groups, resulting in broader participation and more representative community input in program interventions.
- Improved coordination and operational efficiency between field teams and community stakeholders, leading to smoother program execution and faster resolution of implementation challenges.

Africomm Development Centre, Chuka

Community Development Attachee/May 2025 – August 2025

- Supported implementation of community engagement initiatives using participatory development approaches, resulting in increased local participation and stronger community ownership of programme activities.
- Assisted in mobilizing community members for training sessions and awareness programmes, leading to improved attendance and wider reach of project sensitization activities.
- Supported data collection, documentation, and basic analysis for programme activities, contributing to more accurate reporting and improved evidence-based decision-making.
- Helped facilitate communication between project teams and community stakeholders, resulting in faster issue resolution and improved coordination during field implementation.
- Contributed to preparation of activity summaries and progress updates, enabling timely reporting and improved tracking of project performance and outcomes.
